

Me, Myself, and Eye

- Goal 1:
 - Influence:
 - Consciousness
 - Connectedness
 - Interaction
 - Cooperation
 - BYU-Idaho ILO Mission: Disciple of Jesus Christ
 - Values: The main goal is to learn more spiritual things
 - Vision: Increase faith in Jesus Christ
 - SMART Goal:
 - Specific: Practice daily gospel learning. Write our spiritual experiences and share them with our peers
 - Measurable: Share at least once a day our spiritual experiences in the chat
 - Attainable: Actively participating in the chat
 - Relevant: Yes, this will help us learn how to use the Gospel Library and increase our Testimony
 - Timely: 10 minutes every day
 - Milestones:
 - 1. Learn daily improvements through spirituality -complete
 - 2. Increase knowledge of the Gospel- complete
 - 3. Development of spiritual habits- complete
 - 4. Increase our testimony- complete
 - 5. Become a Disciple of Jesus Christ- complete

Status: Since the beginning of this project, studying the scriptures and applying them in our daily lives has been of great help to us. As a team, we share scriptures and spiritual messages daily so that we are motivated to read the scriptures for at least 10 minutes a day.

- Goal 2:
 - Name: Escape Room
 - Influence:
 - Consciousness
 - Conduct
 - Connectedness
 - Interaction
 - Representation
 - Cooperation
 - BYU-Idaho ILO Mission: Sound Thinkers
 - Values: Working together as a team to solve the Escape Room successfully
 - Vision: Learn to Sound thinkers while bouncing ideas off each other to solve the problems that are set before us in the activity

- SMART Goal:
 - Specific: Complete an Escape Room as a team
 - Measurable: Have a lesson learned meeting.
 - Attainable: Yes, if we work as a team
 - Relevant: Solving Puzzles and learning to think as One Team
 - Timely: Within the Time limit that is given to us.
 - Milestones:
 - 1. Become Sound Thinkers – Escape room research strategies- complete
 - 2. Use knowledge as a team- complete
 - 3. Become Team Players- complete
 - 4. Practice doing escaping rooms online or apps- complete
 - 5. Not give up when the path is tough – Use different strategies in order to increase our perseverance skills- complete

Status: As a team, we found an online escape room. We had the opportunity to play it as a team. This has been a great activity to improve our relationship as a team and have fun at the same time.

- Goal 3:
 - Name: Teamwork Speaker
 - Influence:
 - Consciousness
 - Conduct
 - Connectedness
 - Interaction
 - Representation
 - Cooperation
 - BYU-Idaho ILO Mission: Effective Communicator
 - Values: Being able to learn by heart and apply the techniques of refining communication skills
 - Vision: Owning a stronger confidence and self-esteem to effectively communicate especially when working as teams
 - SMART Goal:
 - Specific: Watch Communication Skills Training videos on Youtube and TED Talks.
 - Measurable: Share thoughts and insights on the next team meet up. (Report take aways). We will share weekly in the group what we have learned
 - Attainable: Yes, even better with hearing insights from other team members.
 - Relevant: Apply new techniques in classroom settings and use during acorn projects.
 - Timely: At least one a week
 - Milestones:

- 1. Apply at least 5 new techniques after the follow-up discussion- complete
- 2. Give constructive feedback, so team members can keep improving-complete
- 3. Share new experience from applying the techniques learned- complete
- 4. Team unity is retained by helping one another to stay accountable (stick to goal)- complete
- 5. Develop a growth mindset to stay consistent and persistent despite failing at some point- complete

Status: This class helps us motivate ourselves to search for videos on the internet to improve our communication and teamwork skills. Since the beginning of our project, weekly we have shared the highlights of all the motivational videos that we see or that help us discover new techniques for teamwork.

- Goal 4:
 - Name: Workshop Collaboration
 - Influence:
 - Consciousness
 - Connectedness
 - Representation
 - Interaction
 - Cooperation
 - BYU-Idaho ILO Mission: Skill Collaborators
 - Values: Take advantage of the school resources and learn something different in the company of our classmates
 - Vision: This will help us better communicate our ideas and project our personality more effectively
 - SMART Goal:
 - Specific: Improve our leadership and effective communication skills
 - Measurable: We will attempt to a workshop at the school
 - Attainable: As students, we have access to the workshops at the school
 - Relevant: All team members could improve to communicate ideas effectively
 - Timely: Before the end of the semester
 - Milestones:
 1. Improve our communication and leadership skills- complete
 2. Participate in the association activities-complete
 3. Take notes and apply the knowledge learned- complete

4. Use the school resources to improve our communication skills- complete
5. Practice what we learn at class- complete

Status: As a team we look for videos and/or discussions of the different organizations that the school has to better communicate our ideas and project our personality more effectively. After watching a video, we share or discuss ideas in teams.
